BREECHES/LONG PANTS

WATER/SNACK

GOOD ATTITUDE!

A good fitting bike helmet will work too!

Please LABEL

Summer Riding Weekly Sessions

are available for all riding and training levels. Ages 7yrs and up can participate in the regular summer fun sessions. —but space is limited and requires advance sign up.

No previous riding experience is necessary but instruction is available for beginner riders through advanced levels.

Our program focuses on a strong basic foundation of proper horsemanship, as well as learning how to safely have fun with a horse! From scavenger hunts to painting ponies and riding bareback while playing games—it's a great week to bond with a new equine friend!

For those who have enjoyed the summer experience—CSF also offers a regular weekly lesson program year round and for more advanced students we do offer a summer clinic series for those ready to take the next step in learning how to ride.
